

**Oomph!** - Choir sections highlighted

He'll help you be a light that will shine in the dark  
Though life may not be a simple walk in the park  
He will be with you ev'ry step of the way  
He's really gonna bring some oomph to your life today

Gonna give you some oomph - hurrgh!  
Gonna give you some zing- zing!  
Gonna fill you, fill you  
Bless you, bless you

When you're up, or down  
When your whole world's spinning round and round  
Hold tight, alright  
Cos he's with you through the darkest night  
Don't freak, dig deep  
Even when things do look kinda bleak  
He's there, oh yeah  
And he's always got your back jack
